

CENTRAL LEPROSY TEACHING & RESEARCH INSTITUTE
CHENGALPATTU-603 001(TAMIL NADU)

Right to Information Act 2005

The functions of the Institute are furnished below serially,

- i Provision of diagnostic treatment and referral services top leprosy patients.
- ii supporting the NLEP to achieve goal of elimination of leprosy by end of 2005.
- iii provision of manpower training in various types in sufficient numbers and of the requisite quality.
- iv involvement in a number of research projects in the basic problems relating to the inception and spread of leprosy; on basic and applied research for the cause of leprosy elimination.
- v as a Centre for giving technical advice and guidance in the promotion of anti leprosy works on sound lines.
- vi carrying out post graduate course projects for PG students of various Universities of Tamil Nadu.
- Vii Carrying out culture and sensitivity test, PCR based investigations; facilities for isolation, characterization and drug sensitivity test for cultivable mycobacteria also exists.
- Viii carrying out all routine and major biochemical investigations including various hormones, pharmacology and pharmacokinetics of various drugs and drug compliance studies.
- Ix carrying out all serological, immunological and histopathological tests, facility for frozen sectioning of biopsy material also exists
- X carrying out all animal experimental investigations including mouse foot pad inoculation, viability and drug susceptibility studies.
- Xi carrying out Radio isotope studies.
- Xii carrying out routine field work (case detection activities like total population survey, school survey etc) and also special activities like SAPEL, LEC LEM, medical/skin camps in other areas and case holding activities.
- Xiii conducting mobile clinics.
- Xiv monitoring and evaluating the NLEP and MDT programme in selected districts using computer facilities/using computerized simplified information system
- Xv Participating in POD activities.
- Xvi Out patient care and in patient treatments.
- Xvii Management of reactions, relapse/ drug resistance etc.
- Xviii undertaking reconstructive surgeries
- Xix Production of Micro-cellular Rubber sheets
- Xx Preparation of footwear and prosthesis
- Xxi Physiotherapy treatment and X-ray facility.

For discharging the above functions, the CL&RI has five major divisions viz. Epidemiology and Statistics Division with Computer section, Monitoring and Evaluation

unit and Rural Field Operation Area, Surgical Division with Operation Theatre, Physiotherapy, Micro-Cellular Rubber unit, Artificial Limb and Foot wear section and X-ray unit, Clinical Division with OPD and in patient Hospital with 124 beds Microbiology Division with Microbiology, Mycobacteriology, Serology, Clinical pathology,. Skin smear, Histopathology, Hematology and Molecular Biology sections and Biochemistry Division with Biochemistry, Immunology, Experimental animal laboratory (Animal House) Radio isotopes and Instrumentation sections and Admn. Section.

Further, in view of goal of elimination of leprosy to be achieved by the end 2005, it has already been decided by the Govt. of India to assign the following additional functions to Central Leprosy Teaching and Research Institute, Chengalpattu.

- i Capacity building for Integrated Disease Surveillance programme
- ii Epidemiology Training courses as undertaken by the NICD, Delhi
- iii Lymphatic Filariasis (Disability management and related training)
- iv Microscopy and DOT centres under RNTCP
- v Operational Research related to RNTCP
- vi Voluntary counseling Centres VCC and diagnostic centre for HIV/AIDS
- vii Disaster management in respect of the state
- viii RNTCP – Referral Laboratory for Essential Quality Assurance (EQA) and Drug Resistance studies DRS for the state of Pondicherry.
- Ix Rehabilitation surgery centre.
